

Microsoft Dynamics GP Users: 7 Great Reasons to Move to Prospero

MSX Group is pleased to announce that **Prospero**, the future of financial reporting, now integrates with Microsoft Dynamics GP

1. With Prospero, [Microsoft Dynamics GP](#) users can expect an easy installation, quick setup, a familiar, user-friendly interface, increased processing speed and low maintenance.
2. We offer a proven FRx-to-Prospero migration path, including implementation, training and support.
3. Prospero integrates with your General Ledger for financial reporting and also allows you to bring in data from other sources such as Microsoft Forecaster and Excel.
4. With Prospero you'll create sophisticated, boardroom-ready charts and graphs to visually analyze your organization's performance and drill down to desired account or transaction detail.
5. Prospero provides you with maintenance-saving tools so creating new, dynamic reports is as simple as changing the date.
6. Our built-in report management system enables secure access while delivering broader visibility of the data across your organization.
7. And, coming in late 2016, the MSX Group is excited to announce **Prospero Budgeting**, our powerful, fully-integrated new budgeting and planning module!

10% off any new Prospero Implementation contract signed with the MSX Group by July 15, 2016!

[Prospero Consulting](#)

Upgrade to the future of financial reporting:

Prospero

Our consultants can migrate your existing FRx reports to Prospero, providing sophisticated enhancements to your current reports. We've performed thousands of successful financial reporting implementations - which we now extend to our exclusive MSX product offering.

[Prospero Training](#)

As part of your implementation or stand-alone, we offer you unparalleled, flexible training options and delivery methods that will have you developing **Prospero's** powerful reporting elements quickly and easily. Training courses are led by MSX Group Certified Instructors, who bring years of real-world financial report design experience to the classroom.

[Prospero Support](#)

The MSX Group is committed to offering you the best support option for **Prospero**. Each member of our team has over 10 years of financial reporting and/or budgeting software support experience at organizations such as FRx Software Corporation and Microsoft. We've also actively participated in the design and development process of Prospero so we're the experts!
