

Microsoft Forecaster Services & Support: A Roadmap to the Future

[Microsoft Forecaster 7.0](#) is a powerful, flexible, feature-rich tool for helping businesses forecast, plan and analyze their operations while solving the problems, pains and inefficiencies found with using spreadsheets in the budgeting and reporting process. A recent Microsoft announcement stated that after May 1, 2017, new first-time purchasers of **Microsoft Dynamics GP** will not be able to purchase Forecaster licenses. Nevertheless, existing Forecaster installations will continue to work for years to come. In addition, Microsoft has included Forecaster with all Microsoft Dynamics Perpetual licenses (AX, GP, NAV, and SL) for years now, so you may already own it! If you have a Microsoft Dynamics Perpetual license and have not yet implemented Forecaster, [now is a perfect time to do so](#).

MSX Group continues to be the only company offering Annual Support plans for Forecaster. Our Forecaster Support Team members have a minimum of 15 years of experience with Forecaster. When combined with our world class training and services offerings, we are your number one resource for Forecaster. For more information and to read our complete Forecaster strategic statement, please go to our [Forecaster website](#).

[Special Offer:](#)

10% off any new Service or Support contracts signed in June!

[Forecaster Consulting](#)

Put our years of Forecaster experience to work for your organization: Schedule a **FREE** Forecaster "health check", let us help you set up your new budget cycle or Balance Sheet and Cash flow budgeting. Or, let us help you use Forecaster to automate processes you currently do manually. Our experts can help you get the most out of Forecaster.

[Forecaster Training](#)

New hires? Staff transitions? No problem! Our Forecaster experts can work with your team to have them using Forecaster and understanding your organization's budgets and reporting quickly and easily. We offer a wide range of training classes and [free webinars](#), using traditional methods or customizing the focus and content to your organization's specific needs.

[Forecaster Support](#)

No one offers more comprehensive support for Forecaster than the MSX Group: Our annual support plans generally save our customers money over what they may have previously paid. And, working with the MSX Group Support Team will allow you to realize the benefits of this powerful and mission-critical application for years to come!
