Prospero[®] Licensing

Offering control, flexibility and scalability for your organization's advanced financial reporting and analysis needs

Prospero provides you with a sophisticated, yet straightforward, licensing model with:

- **Security:** Manage access to application data, features and functionality via directly-applied licenses.
- **Flexibility:** Increase the number of licenses at any time and directly within the application.
- **Simplicity:** Promote or demote user's rights and access within the application, managing your licenses as-needed.
- **Functionality:** License only the features and functionality your organization needs, saving you money and resources.

Feature Set	Prospero User License Type		
	Power User	Standard User	Limited User
Administrative Features and Functions			
Create and manage users and roles	✓		
Define user and group rights and permissions	✓
